

POSITION DESCRIPTION

Position Title:	Paediatric Emergency Medicine Fellow
Business Unit/Department:	Medical Services and Emergency
Division:	Paediatric Emergency Medicine
Award/Agreement:	Victorian Public Health Sector (AMA Victoria) Doctors in Training EA –2022-2026
Classification:	HM25 – HM30
Reports To:	Chief Medical Officer Medical Services Clinical Department Head
Direct Reports:	Interns and HMOs in Department
Date Prepared/Updated:	April 2025

Position Purpose

To provide high quality clinical care to the paediatric patients and their families presenting to Western Health services, to supervise and train Junior Medical Staff and support Western Health Strategic themes.

The foci of this position are:

1. **Clinical care** of paediatric patients within the ED
2. **Leadership** including incorporation of evidence and best practice into ED work practices.
3. **Supervision** of more junior staff including HMOs and interns.
4. **Teaching** of medical students, other junior medical staff and nurses.
5. **Commitment** to delivery of high-quality care and development of ED quality improvement initiatives.

The Registrar in Paediatric Emergency Medicine is a leader within the ED, and should role-model professional behaviours and the Western Health values at all times. The role of the Registrar is to provide clinical leadership and management of patients and undertake clinical and designated academic and quality assurance duties for the Unit under the supervision and direction of the Department Head of Unit or Consultant.

Business Unit Overview

The Western Health (WH) Division of Emergency Medicine and Intensive Care (EMIC) is responsible for emergency departments at Footscray, Sunshine, Williamstown and Bacchus Marsh Hospitals and urgent care centres at Melton, Sunbury and Point Cook. Sunshine Hospital Emergency Department comprises Adult and Paediatric (aged under 18 years) streams.

The WH Division of EMIC is committed to innovation and the development of services and treatment of groups across Western Health to ensure Best Care for the community of Western Melbourne.

The Divisional Director (DD) and the Clinical Services Director (CSD) function in partnership to provide leadership and clinical, operational, and financial governance to the WH Division of EMIC to ensure the efficient and effective delivery of Best Care within allocated resources.

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

Sunshine Hospital Children's Emergency Department manages approximately 30 000 paediatric (up to 17 years of age inclusive) presentations per year. The ED educates basic and advanced trainees of both the Royal Australasian College of Physicians (RACP) and the Australasian College of Emergency Medicine (ACEM) in addition to General Practice trainees and hospital medical officers. The Children's ED has an active role in collaborative education and research with other hospitals and research networks.

Key Responsibilities

- Participate in on-going assessment of competencies via college assessment forms
- Work under the supervision and support of the Head of Unit or Receiving Consultant to further develop clinical and decision-making skills
- Perform unit duties as delegated by the Unit Head or Receiving Consultant in accordance with Western Health policies and procedures and relevant legislation
- Ensure notification to the appropriate consultant of patients referred to the Department, and provision of initial assessment of referred patients
- Ensure quality patient care via clinical assessment, admissions and development of management plans
- Assume responsibility for patient care in accordance with the care model of the ward/unit, ensuring that required clinical procedures are performed with appropriate training and supervision
- Initiate and provide interpretation of clinical investigations
- Accurately reflect the patient's requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regards to legibility of content and identity of reporter in accordance with Western Health policies and procedures
- Participate in the development of discharge plans that reflects the needs of patients and their significant others and demonstrates understanding of the role of community providers. Assume responsibility for communication with community providers
- Provide supervision for the clinical activities of the junior medical staff on the unit, according to the level of experience of the individual
- Facilitate effective clinical handovers within the Paediatric ED and to external units and providers
- Ensure own health and well-being and seek assistance if impairment in physical or mental health is impacting on job performance
- Work collaboratively and respectfully with multi-disciplinary team members to achieve desired outcomes for patients through effective communication and attendance and participation in unit and site clinical meetings
- Exchange and share information from participation in seminars and conferences with colleagues via in-services, presentations, education forums, team meetings, etc.
- Demonstrate a caring and empathetic approach towards patients at all times
- Participate and contribute to improvement of policies, procedures and protocols and identify areas of improvement in clinical practice
- Undertake ongoing self-directed learning by participation in continuing education activities and attendance at clinical meetings, including any mandatory training programs
- Assist in collection of data for audit purposes, and participate in research activities undertaken within the unit where required
- Coordinate and participate in the teaching of junior doctors and medical students

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
