

POSITION DESCRIPTION

Position Title:	Enrolled Nurse - Westwards
Business Unit/Department:	Nursing and Midwifery Working Unit (NMWU)
Division:	Executive Director of Nursing
Award/Agreement:	Nurses and Midwives (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	Enrolled Nurse Level 2 (2.3 to 2.7)
Reports To:	NMWU Supplementary Workforce Manager Unit Manager or Nurse/Midwife in Charge
Direct Reports:	N/A
Date Prepared/Updated:	12 June 2026

Position Purpose

The Enrolled Nurse (EN) provides care within the parameters specified by their professional qualification and the Nursing and Midwifery Board of Australia (NMBA). The EN works in collaboration with other health care providers under the indirect supervision of Registered Nurses or Midwives who delegate the care of clients within the individual EN's scope of practice.

As a professional, the EN is accountable for:

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill.
- Ensuring that they are registered to work as an Enrolled Nurse in Australia at all times whilst working as a nurse within Western Health and practice in alignment with NMBA Enrolled Nurse standards for practice

The role of the EN, working within a multidisciplinary team incorporates the following activities: supervised clinical practice, coordination of individual nursing care, counselling, health promotion and teaching, consumer advocacy, collaborative consumer management, research, mentorship/preceptorship, interaction/liaison with multidisciplinary team, accurate and timely documentation.

The EN will contribute to providing quality health and well-being services for our consumers demonstrating novice to proficient behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

Westward's role offers permanent employment with flexibility, variety and the opportunity to broaden your clinical experience across metropolitan, rural and regional healthcare settings. The program is designed for clinicians who are adaptable, clinically confident and interested in developing their practice through exposure to different services, teams and patient care environments.

Our Vision

Together, we deliver the healthcare of the future.
Simple – Sustainable – Connected – Innovative

Rural and Regional placements include accommodation support and meal allowances, where applicable. Westwards staff will remain employed and supported by Western Health, one of Victoria's largest and fastest growing health services. You will have access to career development pathways, professional support and future employment opportunities across the Western Health network. This position is suited to nurses and midwives who are interested in building breadth in their practice, supporting services across Western Health and partner organisations, and contributing to the future delivery of healthcare across Melbourne's West.
Business Unit Overview The NMWU provides a dynamic and proactive service which is responsible for providing workforce planning advice, recruitment and sourcing of staff for the nursing and midwifery workforce. Services provided include coordination and management of centralised recruitment, facilitation of short and long term vacancy replacement across all campuses within Western Health and the recruitment and management of the permanent Pool and Casual workforce. This combination of responsibilities enables the sourcing of staff for both temporary placement and permanent employment across all areas in the health service, including the management of day to day unplanned vacancy replacement. NMWU operates a service known as Westwards involving temporary deployments of Pool nurses and midwives into work assignments at other Victorian Health Services.
Key Responsibilities Leadership • Work collaboratively within the nursing team model of care • Appropriately accept delegations within scope of practice • Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations • Demonstrate initiative in supporting early career and less experienced staff • Contribute to peer feedback • Work within and towards the Nursing and Midwifery workforce plan Research • Use evidence to support improvement to consumer care and practice • Be curious about ways to improve practice and outcomes • Promote evidence based practice and share findings at internal and external forums • Participate in quality and research projects as appropriate Evidence Based practice • Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans. • Be familiar with local and organisational policies, procedures and guidelines • Contribute to adverse event investigations, and undertake individual and team-based reflective practice • Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities • Contribute to the update of procedures and guidelines as applicable • Participate in new initiatives to enhance patient and consumer outcomes and experience, or staff employment outcomes and experience

Our Vision

Together, we deliver the healthcare of the future.
Simple – Sustainable – Connected - Innovative
