Date Prepared/Updated:	06/01/2026

Position Purpose

The Enrolled Nurse (EN) provides care within the parameters specified by their professional qualification and the Nursing and Midwifery Board of Australia (NMBA). The EN works in collaboration with other health care providers under the indirect supervision of Registered Nurses or Midwives who delegate the care of clients within the individual EN's scope of practice.

As a professional, the EN is accountable for:

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill.
- Ensuring that they are registered to work as an Enrolled Nurse in Australia at all times whilst working as a nurse within Western Health and practice in alignment with NMBA Enrolled Nurse standards for practice

The role of the EN, working within a multidisciplinary team incorporates the following activities: supervised clinical practice, coordination of individual nursing care, counselling, health promotion and teaching, consumer advocacy, collaborative consumer management, research, mentorship/preceptorship, interaction/liaison with multidisciplinary team, accurate and timely documentation.

The EN will contribute to providing quality health and well-being services for our consumers demonstrating novice to proficient behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

Business Unit Overview

The Division of Aged, General Medicine and Subacute provides quality health care for patients in Acute Aged Care, General Medicine, Geriatric Evaluation Medicine, Rehabilitation services, Transition Care Services and Residential Aged Care across six Western Health sites.

Our Vision

Together, we deliver the healthcare of the future.

Providing the Best Care for the people of the West, in the right place and at the right time.

The division has an integral role within the health care continuum, providing care from the emergency department and acute wards, through to sub-acute care and into the community.

These services support patient-centred goals, such as maximising independence and functioning, managing chronic disease, or provision of end of life care. This diverse group of services are fundamental in promoting effective and seamless services across the care pathway. To ensure that patients have appropriate and timely access to these services, the Division also provides a Subacute and Non-acute Assessment and Pathways (SNAP) service to facilitate pathways to the right care setting.

With a diverse workforce of 541 EFT and an annual operating budget of \$89 million, this Division spans the acute and non-acute care settings aiming to ensure timely and seamless transition between services for the people in our care.

Grant Lodge (GL) is a 30 bed Residential Aged Care (RAC) facility on the Bacchus Marsh Hospital site. The care provided to our residents is collaborative and informed by our resident choices.
