

## POSITION DESCRIPTION

<b>Position Title:</b>	Registered Nurse
<b>Business Unit/Department:</b>	Community Palliative Care – Bacchus Marsh
<b>Division:</b>	Cancer, Cardiology & Specialty Medicine
<b>Award/Agreement:</b>	Nurses & Midwives (Victorian Public Sector) Single Interest Employer Agreement 2024 - 2028
<b>Classification:</b>	Community Health Nurse (ZJ1)
<b>Reports To:</b>	Operationally: Team Leader, Community Palliative Care. Operations Manager Division of Cancer, Cardiology and Specialist medicine. Professionally: Director of Nursing and Midwifery Division of Cancer, Cardiology and Specialist Medicine.
<b>Direct Reports:</b>	N/A
<b>Date Prepared/Updated:</b>	16 December 2024

### Position Purpose

The Community Palliative care nurse will provide specialist palliative management and support to patients, their families, and carers. The nurse will act as a clinical support in the management of patient care with particular focus on problem identification, care planning and optimal symptom management. The registered nurse will demonstrate a high level of skill in Palliative Care and will provide an active role in the education of staff both in the hospital setting and at a community level.

The BMPCPC registered nurse will foster a collaborative multidisciplinary approach in the management of Palliative Care patients with input from the local GPs, and with the Grampians Region Palliative Care team's input for complex palliative care client management.

As a member of a specialist team the registered nurse will provide expert and evidence-based direction to ensure service standards and practices related to their area of expertise are maintained and improved across all services of Western Health.

As a professional within the Bacchus Marsh Community Palliative Care Team the registered nurse is accountable for:

- The maintenance of their own clinical knowledge, further education and always working within the confines of their specific scope of practice, in accordance with the boundaries set by their experience and skill (in discussion with direct line manager).
- Ensuring that they are registered to work as a Registered Nurse in Australia at all times whilst working as a nurse within Western Health and practice in alignment with Nursing & Midwifery Board of Australia (NMBA) Registered Nurse Standards for Practice.

### Our Vision

Together, Caring for the West  
Patients – Employees – Community – Environment

## Business Unit Overview

The Division of Cancer, Cardiology and Specialty Medicine provides a comprehensive suite of inpatient, clinic, and community-based care and includes the following services: - Cardiology – Cancer Services – Specialty Medicine which includes Respiratory and Sleep Disorders, Infectious Diseases, Dermatology, Neurology and Stroke, and Rheumatology. The Divisional Director and Clinical Services Director provide leadership and management for these services and contribute to the development of these services at Western Health as directed within business plans. The Division is committed to innovation and the development of services and treatment groups across Western Health to ensure Best Care for the community of Western Melbourne.

Cancer Services at Western Health provides care across a broad range of inpatient, ambulatory outpatient settings. We provide secondary and tertiary cancer services for patients of the Western Region including Medical Oncology, Surgical Oncology, Haematology, Clinical Research, Palliative Care, Inpatient Acute Care, Day Oncology, Oncology HITH, Radiotherapy, Specialist Clinics, and a dedicated Project Team. With a diverse workforce of 250 staff and an annual operating budget of \$24 million, the Division spans the acute and non-acute care settings aiming to ensure timely and seamless transition between services for the people in our care.

## Key Responsibilities

### Clinical Expertise

- Provides nursing expertise and direction in line with clinical standards policies and procedures to both internal and external customers.
- Assess the clinical, non-clinical and social needs, including the identification of 'at risk' consumers and record with appropriate and accurate documentation in the consumers history and care plan and implement consumer specific risk minimisation strategies
- Perform nursing interventions while demonstrating a high level of clinical decision making, in particular in problem identification and solution, and analysis and interpretation of clinical data, leading to independence of action, within scope of individual nurse.
- Recognise changes in consumers' condition and take necessary action including reporting and escalation seeking appropriate assistance.
- Practice in a safe manner, within ones own scope at all times.
- Accurately reflect the consumers requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regard to legibility of content and identity of reporter in accordance with Western Health policies and procedures
- Effectively develop care plans that reflect the needs of consumers and their significant others and demonstrates an understanding of the role of community providers
- Identify clinical practice improvement opportunities and discuss with your manager
- Demonstrate high level of accountability and responsibility for care delivered
- Identify potential issues relating to practice that may require investigation so as to improve clinical standards and critically review outcomes of nursing practice
- Perform other nursing duties as required

### Leadership

- Communicates information and expectations clearly and concisely in a way that builds effective and collaborative working relationships with others.
- Work collaboratively within the nursing team model of care
- Take accountability for own actions and others under direction and sphere of responsibility
- Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations
- Lead by example, and motivate staff to strive for excellence
- Demonstrate initiative in supporting early career and less experienced staff
- Contribute to peer feedback and engage in appraisals for early career staff, as directed by your manager

## Our Vision

Together, Caring for the West  
Patients – Employees – Community – Environment

- Work within and towards the Nursing and Midwifery workforce plan
- Maintains a professional demeanour and serves as a role model for all nursing staff, both as a clinician and in line with behavioural expectations.

### Research and Quality Activities

- Use evidence to support improvement to consumer care and practice
- Be curious about ways to improve practice and outcomes
- Promote evidence-based practice and share findings at internal and external forums
- Participate in quality and research projects as appropriate

### Education

- Maintains and updates own professional development portfolio to demonstrate an ongoing commitment to learning and best practice.
- Exchange and share information from participation in seminars and conferences with colleagues via in-services, presentations, education forums, team and other meeting
- Provides education within area of extended nursing knowledge, skills & essence of nursing to multidisciplinary team members and patients/families.
- Works with less experienced nurses to develop their capabilities.

### Evidence Based Practice

- Using evidence-based practice in all aspects of the role.
- Be familiar with local and organisational policies, procedures and guidelines
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Continuously reviews existing practices and policies according to evidence-based practice to minimise adverse, promote positive consumer outcomes and identify areas of improvement in nursing practice
- Participate in new initiatives to enhance patient and consumer outcomes and experience, or staff employment outcomes and experience
- Identifies opportunities for process redesign and to support staff in the implementation of redesign projects and activities.
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities
- Provide high quality, culturally sensitive and patient-centred care in partnership with patients, their significant others and other members of the multidisciplinary care team

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
