Position Title:	Speech Pathologist
Business Unit/Department:	Rehab at Home
Division:	Western Health at Home
Award/Agreement:	Allied Health Professionals (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	Grade 2 – Year 1 to Year 4 (VW1 to VW4)
Reports To:	<i>Operational:</i> Service Manager - Rehab at Home <i>Clinical:</i> Manager - Speech Pathology & Audiology
Direct Reports:	Grade 1 Speech Pathologists Speech Pathology students Allied Health Assistants
Date Prepared/Updated:	3 April 2025

Position Purpose

The Western Health at Home Division operates a Rehabilitation at Home program for clients who require admitted interdisciplinary rehabilitation. Rehab at Home is a subacute bed substitution program providing intensive rehabilitation for patients who are suitable for an early discharge. Rehabilitation at Home provides same day or next day rehabilitation to patients discharged from inpatient wards, the Emergency Department and the community. The program has recently expanded to include patients with non-neurological diagnoses where rehabilitation is indicated to support recovery. The program aims to deliver hospital services within patients' homes to enable recovery from illness or surgery at home in familiar environments. Treatment interventions are provided through a variety of methods including individual or group-based treatment. Treatment may be provided at home, via telehealth, centre-based, or in a community setting.

The aim of Rehab at Home is to:

- Promote and support safe and early discharge from inpatient settings and emergency departments as well as reducing length of stay of rehabilitation patients in acute and subacute settings
- Maximise patient outcomes in their own home
- Provide an alternative to admitted care for patients living in the community
- Improve the patient experience
- Provide an alternative to hospital presentation and admissions
- Increase the number of patients who are able to access admitted Rehabilitation services at any given time

The Grade 2 Speech Pathologist, through their clinical experience and skill, will contribute to staff development and ensure excellence in client management. Specifically, the Grade 2 will ensure best practice and excellence in care for clients admitted to the Rehab at Home program.

Clinical practice in this position will primarily be provision of assessment and intensive treatment for clients presenting with communication and swallowing disorders. This position will also include working with and supporting other staff and students to increase their knowledge and skills in these areas of assessment and management. The incumbent may be required to work across Sunshine and Williamstown hospital sites or

at any campus of Western Health as required. This position is appointed to the Rehab at Home program but may involve provision of clinical services to other programs within the Western Health at Home Division.
<p>Business Unit Overview</p> <p>The Division of Western Health at Home provides a comprehensive range of inpatient, clinic based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing, pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care.</p> <p>Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease.</p> <p>The divisions medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehab at Home, GEM at Home, Community Based Transition Care Program and Dialysis at Home, which deliver healthcare that would otherwise be provided within an inpatient setting.</p> <p>Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West.</p> <p>Rehabilitation at Home Program</p> <p>Rehabilitation at Home Program is a virtual, admitted program that facilitates early discharge from the inpatient wards. It provides intensive therapy, up to 3 hours per day, during the period of transition from inpatient care to outpatient/community care. Multidisciplinary therapy is conducted in the home, centre or via telehealth. Referrals are accepted from Western Health acute and subacute wards and other health services.</p> <p>Specialised Rehabilitation Program</p> <p>Specialised Rehabilitation Program (SRP) aims to assist clients and their carers to reach their maximum potential and independence through the provision of multi-disciplinary rehabilitation. Clients are provided with an individualised, short-term, goal-orientated therapy program which emphasises self-management and education. Sessions are conducted in the centre, at home and/or via Telehealth.</p> <p>Division of Allied Health</p> <p>Allied Health provides a range of evidence based, client centred, specialist services at Western Health, across the care continuum, from admission within the emergency department through to discharge in the community. These services work across the spectrum of life, from neonates to the elderly. The predominant focus of Allied Health is the return and optimisation of an individual's function, and wellbeing, from both physical and psycho-social perspectives. Activity is aligned with Western Health's Best Care Model and CARES values. Allied Health involvement is pivotal to efficient and effective multidisciplinary team functions, discharge planning and patient centred care. Western Health employs a range of Allied Health disciplines, each with unique specialist tertiary training and skills, including Audiology, Clinical Psychology and Neuropsychology, Exercise Physiology, Language Services, Nutrition and Dietetics, Occupational Therapy, Pastoral Services, Physiotherapy, Podiatry, Social Work, and Speech Pathology.</p>
<p>Key Responsibilities</p> <ul style="list-style-type: none"> • Demonstrate a commitment to the patient 'Charter of Healthcare Rights' • Comply with the expected scope of the role and standards of performance in the role as described by the relevant professional bodies/industry standards

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment
