

POSITION DESCRIPTION

Position Title:	Senior Clinician Physiotherapist
Business Unit/Department:	Continance Service
Division:	Western Health at Home
Award/Agreement:	Allied Health Professionals (Victoria Public Sector) (Single Interest Employers) Enterprise Agreement 2021 - 2026
Classification:	Grade 3 (VB7 to VB9)
Reports To:	Operational: Continance Service Manager Clinical: Manager of Physiotherapy & Grade 4 Physiotherapists
Direct Reports:	Nil
Date Prepared/Updated:	22 January 2025

Position Purpose

The Senior Continance Physiotherapist will have a key role in providing advanced clinical expertise and skills for the assessment and management of clients attending the Continance Service.

The Senior Clinician, through his/her clinical expertise in continence and pelvic floor dysfunction has a leading role in ensuring excellence in patient care, implementation and organisation of clinical and professional clinicians and the fostering of staff development. The senior clinician will have a clinical caseload in an area of expertise.

In addition to this, the Senior physiotherapist will be responsible for providing clinical leadership and strategic direction in their clinical area of expertise by expanding and developing practice, implementing clinical governance, training staff as appropriate, delivering improved outcomes for patients and acting as a key liaison in their unit teams.

As a clinical leader, the physiotherapist will work collaboratively with key stakeholders to assist Western Health to achieve excellence in the areas of patient care, teaching and research. The role incorporates both professional (clinical, research, practice development, teaching, mentoring, supervision) and operational (human resource management, service evaluation, policy development) duties.

The Senior physiotherapist will be expected to maintain their currency of knowledge and skill in their specialty area and ensure an evidence-based approach to patient management.

The Clinician may work across all sites of Western Health.

Business Unit Overview

Western Health at Home

The Division of Western Health at Home provides a comprehensive range of inpatient, clinic based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing, pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported

Our Vision

Together, Caring for the West

accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care.

Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease.

The divisions medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehab@Home, GEM@Home, Community Based Transition Care Program and Dialysis@Home, which deliver healthcare that would otherwise be provided within an inpatient setting.

Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West.

Allied Health

Allied Health provides a range of evidence based, client centred, specialist services at Western Health, across the care continuum, from admission within the emergency department through to discharge in the community. These services work across the spectrum of life, from neonates to the elderly. The predominant focus of Allied Health is the return and optimisation of an individual's function, and wellbeing, from both physical and psycho-social perspectives. Activity is aligned with Western Health's Best Care Model and CARES values. Allied Health involvement is pivotal to efficient and effective multidisciplinary team functions, discharge planning and patient centred care. Western Health employs a range of Allied Health disciplines, each with unique specialist tertiary training and skills, including:

- Audiology
- Clinical Psychology and Neuropsychology
- Exercise Physiology
- Language Services
- Nutrition and Dietetics
- Occupational Therapy
- Pastoral Services
- Physiotherapy
- Podiatry
- Social Work
- Speech Pathology

Continence Service

The Continence Service offers a multidisciplinary approach to the assessment and management of urinary and faecal continence issues for adults. Self-management is promoted wherever possible. The team comprises of specialist continence nurses, physiotherapists and Geriatricians.
