Position Title:	Consultant – Addiction Medicine/Addiction Psychiatry
Business Unit/Department:	Addiction Medicine
Division:	Drug Health Services
Award/Agreement:	Medical Specialists (Victorian Public Health Sector) (AMA Victoria/ASMOF) (Single Interest Employers) Enterprise Agreement
Classification:	HN15 to HN59
Reports To:	Head of Unit - Addiction Medicine Manager of Addiction Medicine
Direct Reports:	Junior medical employees
Date Prepared/Updated:	22 October 2024

Position Purpose

The role of the Consultant/Specialist is to provide high quality clinical care to the patients Western Health services, to supervise and train Junior Medical Staff and support Western Health Strategic Priorities.

Drug Health Services is a community-based program of Western Health which offers innovative and diverse programs that include Specialist programs for Adults, Women's and Children's Services, Youth and Family Services, Residential Withdrawal Services and Diagnosis Services. The Addiction Medicine Team sits within Drug Health Services and offers Addiction Medicine support across the programs of Drug Health Services and throughout Western Health.

The Addiction Medicine Team provides comprehensive specialist care for inpatients and outpatients with a wide range of substance related disorders and associated complex medical, psychiatric and social comorbidity across Drug Health Services and Western Health. Addiction Medicine primary roles sit within the Addiction Medicine Outpatient Clinic, Addiction Medicine Consultation and Liaison Service, Custodial Health, The Hamilton Centre, Specialist Pharmacotherapy Program, Community Residential Units and Youth Programs.

This position requires an appropriately qualified and clinically experienced Consultant in Addiction Medicine or Addiction Psychiatry. The position will include the following responsibilities:

- The provision of Addiction Specialist services to clients of Drug Health Services and Western Health.
- Provide senior clinical leadership and clinical governance to clinical programs of Drug Health Services and Western Health.
- Work closely with Director of Drug Health Services, Head of Unit for Addiction Medicine, and Program Managers to plan and co-ordinate services to ensure that the goals of the Best Care Framework are achieved.
- Collaboration with the Addiction Medicine Team in providing service through the Addiction Medicine Consultation & Liaison Service, Sunshine Hospital Emergency Department, Addiction

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

Medicine Outpatient Clinic, Specialist Pharmacotherapy Program, Westside Lodge, Community Residential Withdrawal Unit and Youth Residential Withdrawal Unit, and the Hamilton Centre.

- To work with the Head of Unit to further develop and maintain relationships with a range of stakeholders to ensure that clients receive the right care at the time it is required.
- Junior Medical Staff Supervision and support Specialist Training.

Business Unit Overview

Drug Health Services is one of the most diverse specialist agencies in Victoria for the management of substance use, providing a range of residential and non-residential community and hospital-based alcohol and other drug treatment programs. The service caters to people across the development lifespan, with youth and adult programs, as well as specialist programs for women and for people with co-morbid AOD and mental health care needs.

As well as community AOD programs, the service offers Addiction Medicine Services to the community, in Dame Phyllis Frost Centre Women's Prison, and within the Western Health hospital in-patient network.

The service is committed to harm reduction as a guiding principle of practice, enabling clients to determine the pace and type of change they are seeking. This takes place within a robust governance environment, where treatment options are evidence-based and matched to presenting need.

Key Responsibilities

- Provide Addiction Medicine & Addiction Psychiatry services to clients across Drug Health Services and Western Health.
- Provide clinical and operational support and supervision to junior medical staff and Nurse Practitioners to deliver best care.
- Provide Clinical leadership to all staff to build upon dual diagnosis capability and expertise by facilitating in-service education sessions, input at MDT Clinical meetings and secondary consultation.
- Participation in GP support and Education across the North-West Pharmacotherapy Network.
- Participation in educational activities (e.g. Teaching, Professorial Reports, Journal Club, Grand Rounds etc).
- Work collaboratively with GPs, community prescribers and Mental health practitioners to increase AOD expertise and capacity to prescribe pharmacotherapies for opiate dependant patients.
- Assume responsibility for quality patient care in accordance with the care model of the ward/unit, ensuring that clinical procedures are performed in accordance with Western Health policy and procedure.
- Accurately reflect the patient's treatment plan, requirements, outcomes or events within prescribed documentation to support ongoing care, communication and to ensure that all legal requirements are met in regard to legibility of content and identity of reporter in accordance with Western Health policies and procedures.
- Analyse and use data to guide decisions and evaluate outcomes.
- Participate in resolving problems in care and to ensure that the Unit/ Department Head is aware of relevant issues and problems.
- Participate in the development of discharge plans that reflects the needs of patients and their significant others and demonstrates understanding of the role of community providers.
- Ensure continuity of care by communicating appropriately with other practitioners including community general practitioners.
- Ensure awareness of clinical experience and proficiency of junior medical staff delegated to deliver care and provide supervision for and be accountable for the care delivered.
- Provide consistent and appropriate leadership and supervision to Junior Medical Staff
- Ensure that the care of all patients is handed over or other suitable arrangements for follow up, including follow up of results is in place when not on call.
- Lead by example in the delivery and promotion of high-quality clinical care to all patients
- Participate in the development, implementation and revision of treatment protocols and clinical guidelines to promote and ensure best practice standards.

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

- Actively contribute to Western Health's ongoing development through involvement in hospital wide activities and national and/or international organisations.
- Participate in service planning as requested by the Unit/ Department Head and Clinical Service Directors including the development and setting of targets, resource requirements and improvement priorities for the service agreement.
- Actively participate in departmental or organisational wide quality and credentialing processes, including clinical work review groups.
- Participate in developing department and personal priority goals and objectives consistent with the mission, philosophy and strategic plan of the organisation.
- Ensure that any dealings with the media are approved and in accordance with policy, procedure and privacy legislation.
- Contribute to creating and maintaining a work climate which is conducive to positive morale and employee growth, development and retention.
- Ensure own health and well-being and seek assistance if impairment in physical or mental health is impacting on job performance.
- Work collaboratively and respectfully with multi-disciplinary team members to achieve desired outcomes for patients through effective communication and attendance and participation in unit and site clinical meetings.
- Exchange and share information from participation in seminars and conferences with colleagues via in-services, presentations, education forums, team meetings, etc.
- Build networks and participate in benchmarking to seek and share information to assist in developing best practices.
- Demonstrate a caring and empathetic approach towards patients at all times.
- Participate and contribute to improvement of policies, procedures and protocols and identify areas of improvement in clinical practice.
- Participate in hospital provided professional development activities and keep up to date with relevant developments in clinical and hospital practice.
- Participate in clinical teaching and professional development of junior medical staff, medical students and students of all health professions and disciplines, including involving students in clinical care.
- Maintain personal qualifications in accordance with continuing certification requirements of relevant medical college or other body.
- Comply with Western Health financial systems, policies and processes.
- Maintain a high and accurate level of clinical and financial recording and ensure involvement in medical document audits.
- Participate in departmental strategic and financial planning.
- Participate in the development and monitoring of financial risk reduction and identify and implement strategies for cost control.
- Identify business opportunities through available funding streams and develop and prepare business cases to optimise funding opportunities and business development.
- Be accountable for length of stay meeting, exceeding state averages and for waiting list management.
- Manage and operate in accordance with Western Health Human Resource policy and practise in all matters relating to recruitment and employment.
- Ensure the ability to receive and return organisational relevant information and communication through phone, and/ or voicemail and email within time limits set by the organisation.
- Acquire and maintain sufficient relevant computer/technology skills and utilise these to participate in services and communication offered by Western Health.
- Undertake other duties and instructions as provided by the Head of Unit.

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
