

POSITION DESCRIPTION

Position Title:	Enrolled Nurse
Business Unit/Department:	Transition Care Program (TCP)
Division:	Aged, General Medicine & Sub-Acute (AGMS) Services
Award/Agreement:	Nurses and Midwives (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	Enrolled Nurse Levels (2.1 to 2.7)
Reports To:	Unit Manager or Nurse/Midwife in Charge
Direct Reports:	N/A
Date Prepared/Updated:	24 March 2026

Position Purpose

The Enrolled Nurse (EN) provides care within the parameters specified by their professional qualification and the Nursing and Midwifery Board of Australia (NMBA). The EN works in collaboration with other health care providers under the indirect supervision of Registered Nurses or Midwives who delegate the care of clients within the individual EN's scope of practice.

As a professional, the EN is accountable for:

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill.
- Ensuring that they are registered to work as an Enrolled Nurse in Australia at all times whilst working as a nurse within Western Health and practice in alignment with NMBA Enrolled Nurse standards for practice

The role of the EN, working within a multidisciplinary team incorporates the following activities: supervised clinical practice, coordination of individual nursing care, counselling, health promotion and teaching, consumer advocacy, collaborative consumer management, research, mentorship/preceptorship, interaction/liaison with multidisciplinary team, accurate and timely documentation.

The EN will contribute to providing quality health and well-being services for our consumers demonstrating novice to proficient behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

Business Unit Overview

The Division of Aged, General Medicine, and Subacute Services delivers high-quality healthcare to patients across various acute and subacute inpatient units, including General Medicine, Acute Aged Care, Geriatric

Our Vision

Together, we deliver the healthcare of the future
Simple – Sustainable – Connected – Innovative

Evaluation Medicine, Rehabilitation, Transition Care, and Residential Aged Care at multiple Western Health locations. This division plays a crucial role in the healthcare continuum, offering acute care in emergency departments and inpatient wards through to subacute care and community support. The clinical teams also offer vital consultation services to all areas of the health service and the community. These services are designed to align with patient-centred goals, focusing on enhancing independence and managing chronic conditions within a framework of shared decision making. With a diverse workforce comprising 650 equivalent full-time positions and an annual operating budget of \$120 million, the Division also ensures timely access to care through its Subacute and Non-acute Assessment and Pathways (SNAP) service, facilitating smooth transitions between care settings for individuals.

To ensure that patients have appropriate and timely access to these services, the Division also provides a Subacute and Non-acute Assessment and Pathways (SNAP) service to facilitate pathways to the right care setting. Subacute and Aged Care Services play an integral role within the health care continuum, supporting patients to recover from an acute illness, maximise their independence and functioning and, in doing so, minimise long term health and community care needs.

This diverse group of services is fundamental in promoting an effective and seamless patient journey. The service goals include:

- To provide high quality and safe care
- To involve the patient in their care and provide a positive patient experience
- To enable people to achieve their best health outcomes
- To minimise long term care needs
- To support people requiring end-of-life care
- To improve patient flow by supporting clinically appropriate and timely transfer and where possible through direct admissions to subacute inpatient services

The care we deliver is underpinned by the following principles:

- Place the patient and their family at the centre of their care
- Ensure care is based on the best available evidence
- Embed an inter-professional approach to care
- Deliver care in the most appropriate setting
- Coordinate and integrate care across all settings
- Promote health independence and positive ageing
- Facilitate Advance Care Planning
- Support end-of-life care where clinically indicated

The Division will continue to innovate and develop services and treatment groups across the Western Health campuses to ensure Best Care for the community of Western Melbourne.

Key Responsibilities

Leadership

- Work collaboratively within the nursing team model of care
- Appropriately accept delegations within scope of practice
- Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations
- Demonstrate initiative in supporting early career and less experienced staff
- Contribute to peer feedback
- Work within and towards the Nursing and Midwifery workforce plan

Research

- Use evidence to support improvement to consumer care and practice
- Be curious about ways to improve practice and outcomes

Our Vision

Together, we deliver the healthcare of the future
Simple – Sustainable – Connected – Innovative

- Promote evidence based practice and share findings at internal and external forums
- Participate in quality and research projects as appropriate

Evidence Based practice

- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.
- Be familiar with local and organisational policies, procedures and guidelines
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities
- Contribute to the update of procedures and guidelines as applicable
- Participate in new initiatives to enhance patient and consumer outcomes and experience, or staff employment outcomes and experience

Education & Learning

- Contribute to the updating of educational information provided to patients and consumers, and their families and carers
- Support new staff through the orientation buddy role
- Participate in ongoing learning opportunities
- Showcase work and improvement activities
- Provide timely informal feedback to students, early career and novice staff

Clinical expertise

- Implement planned nursing care to achieve identified outcomes
- Demonstrate accountability and responsibility for the care delivered
- Recognise changes in consumers' condition and take necessary action including reporting and escalation seeking appropriate assistance
- Accurately reflect the consumers requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regards to legibility of content and identity of reporter in accordance with Western Health policies and procedures
- Communicate effectively with team members and supervising registered nurse or midwife
- Role model best practice and reference latest research
- Identify clinical practice improvement opportunities and discuss with your manager
- Perform other nursing duties as required

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
