

## POSITION DESCRIPTION

<b>Position Title:</b>	Enrolled Nurse
<b>Business Unit/Department:</b>	Sunshine Dialysis Unit
<b>Division:</b>	Western Health at Home
<b>Award/Agreement:</b>	Nurses and Midwives (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
<b>Classification:</b>	Enrolled Nurse Levels (2.3 to 2.7)
<b>Reports To:</b>	Unit Manager or Nurse/Midwife in Charge
<b>Direct Reports:</b>	N/A
<b>Date Prepared/Updated:</b>	29 April 2026

### Position Purpose

The Enrolled Nurse (EN) provides care within the parameters specified by their professional qualification and the Nursing and Midwifery Board of Australia (NMBA). The EN works in collaboration with other health care providers under the indirect supervision of Registered Nurses or Midwives who delegate the care of clients within the individual EN's scope of practice.

As a professional, the EN is accountable for:

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill.
- Ensuring that they are registered to work as an Enrolled Nurse in Australia at all times whilst working as a nurse within Western Health and practice in alignment with NMBA Enrolled Nurse standards for practice

The role of the EN, working within a multidisciplinary team incorporates the following activities: supervised clinical practice, coordination of individual nursing care, counselling, health promotion and teaching, consumer advocacy, collaborative consumer management, research, mentorship/preceptorship, interaction/liaison with multidisciplinary team, accurate and timely documentation.

The EN will contribute to providing quality health and well-being services for our consumers demonstrating novice to proficient behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

### Business Unit Overview

The Division of Western Health at Home provides a comprehensive range of inpatient, clinic based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing,

### Our Vision

**Together, we deliver the healthcare of the future**  
*Simple – Sustainable – Connected – Innovative*

pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care. Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease. The division's medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehab at Home, GEM at Home, Community Based Transition Care Program and Dialysis at Home, which deliver healthcare that would otherwise be provided within an inpatient setting. Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West.

## Key Responsibilities

### Leadership

- Work collaboratively within the nursing team model of care
- Appropriately accept delegations within scope of practice
- Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations
- Demonstrate initiative in supporting early career and less experienced staff
- Contribute to peer feedback
- Work within and towards the Nursing and Midwifery workforce plan

### Research

- Use evidence to support improvement to consumer care and practice
- Be curious about ways to improve practice and outcomes
- Promote evidence based practice and share findings at internal and external forums
- Participate in quality and research projects as appropriate

### Evidence Based practice

- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.
- Be familiar with local and organisational policies, procedures and guidelines
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities
- Contribute to the update of procedures and guidelines as applicable
- Participate in new initiatives to enhance patient and consumer outcomes and experience, or staff employment outcomes and experience

### Education & Learning

- Contribute to the updating of educational information provided to patients and consumers, and their families and carers
- Support new staff through the orientation buddy role

## Our Vision

Together, we deliver the healthcare of the future  
*Simple – Sustainable – Connected – Innovative*

- Participate in ongoing learning opportunities
- Showcase work and improvement activities
- Provide timely informal feedback to students, early career and novice staff

### **Clinical expertise**

- Implement planned nursing care to achieve identified outcomes
- Demonstrate accountability and responsibility for the care delivered
- Recognise changes in consumers' condition and take necessary action including reporting and escalation seeking appropriate assistance
- Accurately reflect the consumers requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regards to legibility of content and identity of reporter in accordance with Western Health policies and procedures
- Communicate effectively with team members and supervising registered nurse or midwife
- Role model best practice and reference latest research
- Identify clinical practice improvement opportunities and discuss with your manager
- Perform other nursing duties as required

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
