Classification:	Grade 3 – Year 1 to Year 4 (VG3 to VG6)
Reports To:	<i>Operational:</i> Service Manager – SRP <i>Professional:</i> Manager of Occupational Therapy (via Grade 4 Occupational Therapist)
Direct Reports:	Grade 1 and 2 Occupational Therapists Allied Health Assistants (in the delegated area of responsibility)
Date Prepared/Updated:	27 March 2026

Position Purpose

The Grade 3 Clinician Occupational Therapist is a clinical expert, with responsibility for leadership and development of evidence informed, person centred and occupation based occupational therapy practice; research, teaching and mentoring within their delegated clinical area of the Specialised Rehabilitation Program (SRP) and other areas as required. The clinician will have a clinical caseload, working with referred patients and families and perform other tasks and responsibilities, as required, within scope of practice, in the Specialised Rehabilitation Program.

In addition to this, the Grade 3 Occupational Therapist will be responsible for providing clinical leadership and strategic direction in their clinical area of expertise by expanding and developing practice, implementing clinical governance, training staff as appropriate, delivering improved outcomes for patients and acting as a key liaison in their unit teams. As a clinical leader, the Grade 3 Occupational Therapist will work collaboratively with key stakeholders to assist Western Health to achieve excellence in the areas of patient care, teaching and research. The role incorporates both professional (clinical, research, practice development, teaching, mentoring, supervision) and operational (human resource management, service evaluation, budgeting, rostering of staff, policy development) duties. The Occupational Therapist will be expected to maintain their currency of knowledge and skill in their specialty area and ensure an evidence-based approach to patient management.

This position may involve rotations to other areas across the continuum of care. The position will primarily be based at Sunshine Hospital. Staff may however be required to work at any or all campuses of Western Health as required.

Business Unit Overview

Division of Western Health at Home

The Division of Western Health at Home provides a comprehensive range of inpatient, clinic-based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing, pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care.

Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease.

The divisions medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehabilitation at Home, GEM at Home, Rapid Allied Health, Community Based Transition Care Program and Dialysis at Home, which deliver healthcare that would otherwise be provided within an inpatient setting.

Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West.

Specialised Rehabilitation Program

Specialised Rehabilitation Program (SRP) aims to assist clients and their carers to reach their maximum potential and independence through the provision of multidisciplinary rehabilitation. Clients are provided with an individualised, short-term, goal-orientated therapy program which emphasises self-management and education. Sessions are conducted in the centre, at home and/or via Telehealth.

Division of Allied Health

Allied Health provides a range of evidence based, client centred, specialist services at Western Health, across the care continuum, from admission within the emergency department through to discharge in the community. These services work across the spectrum of life, from neonates to the elderly. The predominant focus of Allied Health is the return and optimisation of an individual's function, and wellbeing, from both physical and psychosocial perspectives. Activity is aligned with Western Health's Best Care Model and CARES values. Allied Health involvement is pivotal to efficient and effective multidisciplinary team functions, discharge planning and patient centred care. Western Health employs a range of Allied Health disciplines, each with unique specialist tertiary training and skills, including Audiology, Clinical Psychology and Neuropsychology, Exercise Physiology, Language Services, Nutrition and Dietetics, Occupational Therapy, Pastoral Services, Physiotherapy, Podiatry, Social Work, and Speech Pathology.
