

POSITION DESCRIPTION

Position Title:	Occupational Therapist
Business Unit/Department:	Community Adult Health Programs
Division:	Integrated Community Health Services
Award/Agreement:	Allied Health Professionals (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	Grade 1 – Year 1 to Year 7 (VE8 to AF14)
Reports To:	Manager - Community Adult Health Programs
Direct Reports:	N/A
Date Prepared/Updated:	17 December 2025

Position Purpose

Occupational Therapists are pivotal in supporting clients to remain independent and safe in their home environment. The role at Western Health Bacchus Marsh and Melton works in the community and provides some cover to the rural hospital located in Bacchus Marsh. The role will be required to complete thorough assessments and interventions and will support other multidisciplinary group based programs. The role will also be required to work as part of the wider health team (including exercise physiologists, speech pathologists, physiotherapists, dietitians, diabetes nurse educators and allied health assistants) to provide a coordinated approach to client care.

Business Unit Overview

The Operations Directorate is one of the largest and most complex directorates within Western Health providing Western Health's patient care and contacts. These services range from outpatients to inpatients, theatres to Intensive Care, birthing rooms and Emergency Departments and many more services.

Integrated Community Health Service Directorate

The Integrated Community Health Services Directorate at Western Health focuses on delivering high quality evidence based care to those residing in the City of Melton and Moorabool Shire across a variety of clinical settings. Services are provided across acute (medical surgical and maternity unit), outpatient services (Paediatric and Adult), outpatient rehabilitation, community health settings (Paediatric and Adult), residential care services, health promotion, community partnerships and support services across Bacchus Marsh, Melton and Caroline Springs campuses.

The Integrated Community Health Services Directorate has a strong focus on multidisciplinary care with services being provided in both an individual format and group based interventions. Staff model the Western Health values of CARES (Compassion, Accountability, Respect, Excellence and Safety). Within community services there are multiple different funding programs to support a patient's and client's journey and build their independence in the community.

Services within this directorate include:

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

- Adult Allied Health
- Paediatric Allied Health
- Community Health Nursing
- Community Nursing
- Perpetrator Men's Family Violence
- Aboriginal Programs

Division of Allied Health

Allied Health provides a range of evidence based, client centred, specialist services at Western Health, across the care continuum, from admission within the emergency department through to discharge in the community. These services work across the spectrum of life, from neonates to the elderly. The predominant focus of Allied Health is the return and optimisation of an individual's function, and wellbeing, from both physical and psycho-social perspectives. Activity is aligned with Western Health's Best Care Model and CARES values. Allied Health involvement is pivotal to efficient and effective multidisciplinary team functions, discharge planning and patient centred care. Western Health employs a range of Allied Health disciplines, each with unique specialist tertiary training and skills, including:

- Audiology
- Clinical Psychology and Neuropsychology
- Exercise Physiology
- Language Services
- Nutrition and Dietetics
- Occupational Therapy
- Pastoral Services
- Physiotherapy
- Podiatry
- Social Work
- Speech Pathology

Key Responsibilities

- Provide clinical occupational therapy services to referred patients in designated programs, ensuring that they receive appropriate assessment, intervention, monitoring and progression of care.
- Have a sound knowledge around various aspects of occupational therapy management including acute, sub-acute and chronic conditions.
- Conduct client assessment, intervention and discharge planning according to best practice methods and established departmental policies and protocols, to achieve optimal client care.
- Assess the need for home modifications and assistive technology with provision of these through appropriate sources, including appropriate funding schemes.
- Work collaboratively with clients focusing on promoting capacity building and restorative care.
- Ensure that all service delivery and program development has an evidence-based framework, based upon program resource guidelines where available.
- Help to develop and conduct group programs as required
- Maintain close professional working relationships with the multidisciplinary team and support personnel.
- Maintain an up to date knowledge and skills base to facilitate best possible patient care
- Provide education and act as a resource to other staff, patients, community groups and other agencies as appropriate to the role
- Maintain statistics in accordance with Western Health requirements.
- Participate in service development, organisational meetings, staff development and training as required
- Consult with Allied Health Assistant as appropriate with regard to treatment programs.
- Participate in relevant meetings of Western Health
- Ensure that all equipment and resources are regularly monitored and maintained according to departmental guidelines.

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

- Assist the Manager of the area with other duties as required.
- Maintain accurate records of assessment and treatment provided in the client medical file, and in accordance with occupational therapy policies, procedures and legal requirements.
- Be aware of and participate in quality and risk management programs
- Participate in staff development activities
- Utilise appropriate communication channels as per organisational structure
- Identify patient needs and provide appropriate patient information
- Act in accordance with standards, guidelines and mandatory trainings
- Maintain professional standards in accordance with Australian Occupational Therapy Competency Standards and Australian Health Practitioner Regulation Agency.
- Develop and maintain ongoing currency with professional ethics, national and state issues relating to service delivery in Occupational Therapy and issues relating to HACC-PYP and CHSP client groups.
- Adhere to infection control procedures and practices standard precautions.
- Accept delegation, secondment and deployment appropriate to skill level.

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.

Key Working Relationships
