

POSITION DESCRIPTION

Position Title:	Registered Nurse, Custodial Health
Business Unit/Department:	Dame Phyllis Frost Centre
Division:	Chronic and Complex Care
Award/Agreement:	Nurses and Midwives (Vic Public Sector) (Single Interest Employers) EA 2020-24
Classification:	Grade 2 Year 2 – Year 8 (RN/M 2-8)
Reports To:	Nurse Unit Manager or Nurse in Charge
Direct Reports:	N/A
Date Prepared/Updated:	1 February 2024

Position Purpose

As a member of the health care team, the Registered Nurse is at the forefront of the provision of high quality nursing care to patients on a day-to-day basis. As a professional, the Registered Nurse is accountable for:

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill
- Ensuring that they are registered to work as a Registered Nurse in Australia at all times whilst working as a nurse within Western Health.

The role of the registered nurse, working within a multidisciplinary team incorporates the following activities: unsupervised clinical practice, coordination of care, counselling, health promotion and teaching, patient advocacy, collaborative patient and unit management, research, supervision and mentorship/preceptorship, interaction/liaison with multidisciplinary team, accurate and timely documentation.

Business Unit Overview

Dame Phyllis Frost Centre (DPFC) is a correctional facility for women located in Ravenhall in Melbourne's west. DPFC is operated by Corrections Victoria and provides maximum, medium and minimum-security accommodation for women on remand and those currently serving sentences. At present, the prison can accommodate 572 women, this includes a 20-bed specialist mental health inpatient facility operated by Forensicare.

- On 1 July, 2023, the delivery of primary healthcare will transition from the current service provider to Western Health. Western Health is responsible for the provision of primary healthcare to women throughout their prison stay at DPFC, this can include:
- Primary Care e.g. General Practitioner, Women's Health
- Primary mental healthcare
- Population health
- Dental services
- Advanced care planning

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

- Medication management
- Diagnostic services – radiology and pathology
- Allied health services
- Medical aids and equipment
- Access to specialist services in the community

The quality and standard of health care provided to patients is the equivalent standard to that provided in the community, through the public health system. Western Health's multidisciplinary workforce will work alongside service providers to provide holistic and interconnected health service delivery for patients at DPFC, including a tailored health response for priority cohorts.

Key Responsibilities

Leadership

- Work collaboratively within the nursing team model of care
- Appropriately accept delegations within scope of practice
- Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations
- Speak up for safety, Western Health values and wellbeing
- Promote a psychologically safe work environment where everyone feels safe to speak up
- Demonstrate initiative in supporting early career and less experienced staff
- Contribute to peer feedback
- Work within and towards the Nursing and Midwifery workforce plan

Research

- Use evidence to support improvement to consumer care and practice
- Be curious about ways to improve practice and outcomes
- Promote evidence based practice and share findings at internal and external forums
- Participate in quality and research projects as appropriate

Evidence Based practice

- Ensure that consumers and carers rights are upheld, including statutory rights under the Mental Health Act 2014 and provide information to consumers and families about their rights under the Mental Health Act 2014
- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.
- Be familiar with local and organisational policies, procedures and guidelines
- Demonstrate behaviours that support a recovery approach to care, ensures the safety and well-being of consumers, and foster a therapeutic environment that supports individuals in their journey towards mental health and overall wellness.
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Contribute to the update of procedures and guidelines as applicable
- Participate in new initiatives to enhance patient and consumer outcomes and experience, or staff employment outcomes and experience
- Act to ensure safety by managing clinical risk and intervene, as necessary, to achieve optimal outcomes for consumers and teams
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities

Education & Learning

- Demonstrate responsibility for Continuing Professional Development (CPD) of self and actively maintain a CPD portfolio and required by professional standards
- Participate in ongoing learning opportunities

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

- Contribute to the updating of educational information provided to patients and consumers, and their families and carers
- Support new staff through the orientation buddy role
- Showcase work and improvement activities
- Provide timely informal feedback to students, early career and novice staff
- Seek feedback on your work including participation in annual performance discussion

Clinical expertise

- Provide appropriate mental health support, care and interventions to consumers
- Observe and assess the mental, emotional, physical, social and spiritual needs of mental health consumers, including the identification of 'at risk' consumers and record with appropriate and accurate documentation in the consumers history and care plan and implement consumer specific risk minimisation strategies
- Recognise the symptoms of mental ill-health and distress, and their clinical significance to safety and recovery
- Identify clinical risks and formulate appropriate management in consultation with the multidisciplinary team
- Formulate and regularly evaluate/modify care plans for each consumer including all therapeutic measure prescribed and carry out the plan in cooperation with other members of the multidisciplinary team
- Collaborate with consumers and their families, carers and significant others when formulating recovery care plans
- Work within and actively engage in the Safewards model of care
- Participate in and, where appropriate, carry out treatment prescribed by medical staff and monitor the effects thereof
- Display nursing skills that will be effective in alleviating consumer's distress which can manifest in challenging or at risk behaviour
- Meaningfully communicate with individuals and groups to develop consumer's and families understanding of mental health and recovery
- Utilising helping skills therapeutically in caring for mental health consumers by being available, listening, clarifying, concentrating, conveying empathy and encouraging supported decision making
- Communicate consumer's progress or concerns actively with the multidisciplinary team to promote consumer's recovery and safety, including handovers
- Demonstrate accountability and responsibility for the care delivered
- Recognise changes in consumers' condition and take necessary action including reporting and escalation seeking appropriate assistance
- Accurately reflect the consumers requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regards to legibility of content and identity of reporter, relevant documentation compliant with requirement of the Mental Health Act 2014, and in accordance with Western Health policies and procedures
- Effectively develop discharge plans that reflect the needs of consumers and their significant others and demonstrates an understanding of the role of community providers
- Identify clinical practice improvement opportunities and discuss with your manager
- Perform other nursing duties as required
