

POSITION DESCRIPTION

Position Title:	Clinical Nurse Educator
Business Unit/Department:	Centre for Education
Division:	People and Culture
Award/Agreement:	Nurses and Midwives (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	RN 35 Educator (Major)
Reports To:	Education Coordinator – (Sunshine)
Direct Reports:	N/A
Date Prepared/Updated:	31 January 2024

Position Purpose
<p>The Clinical Nurse Educator (CNE) will work with the Education team to provide clinical facilitation, education, supervision, consultation and liaison to nursing staff, transition to practice nurses and undergraduate nursing students in the clinical setting.</p> <p>The CNE acts as a role model in setting the clinical standards and achieving high quality evidence-based nursing care. They foster the development of cooperative professional relationships within the multidisciplinary health care team, and facilitate a working environment which provides professional development and job satisfaction for all staff.</p> <p>As a member of the Education team, the CNE is at the forefront of the provision of high-quality nursing care to patients on a day-to-day basis. As a professional, the CNE is accountable for:</p> <ul style="list-style-type: none"> • The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill. • Ensuring that they are registered to work as a Registered Nurse in Australia at all times whilst working as a nurse within Western Health.
Business Unit Overview
<p>Western Health recognises the importance of career development for its staff. The Centre for Education (CE) is a key provider of clinical support, professional development and continuing education for nurses, midwives, other health professionals and non-clinical staff. The CE aims to provide an efficient and effective integrated education service that addresses the learning, education and training needs of Western Health staff from a perspective of life-long learning and professional development.</p>

Our Vision

**Together, we deliver the healthcare of the future.
Providing the Best Care for the people of the West, in the right place and at the right time.**

Key Responsibilities

Support the development and learning of nurses:

- Lead, support, direct and motivate nursing staff in the provision of high quality, evidence based and culturally sensitive patient care
- Facilitate and perform nursing interventions within professional standards and boundaries as described by the relevant professional bodies and Western Health, and ensure all nursing staff adheres to the same standards.
- Act as a positive role model, coach, mentor and clinical resource through the development, implementation and evaluation of teaching plans for nursing staff that meet their learning needs.
- Act appropriately to immediately manage any behaviours that do not meet policy and procedure ensuring safe patient care.
- Maintain a high visible profile within the relevant areas of the organisation and provide a clinical resource service to nursing staff in the health service.
- Enhance practice through the teaching of clinical reasoning, and by applying these skills to the identification, implementation and evaluation of patient problems and outcomes.
- Contribute to the education of nursing and other professionals through the exchange and sharing of information gained from participation in meetings, portfolio management, seminars and conferences via in-services, presentations, education forums and team meetings.
- Participate and contribute to improvement of policies, procedures and protocols and identify potential issues in nursing practice and areas of improvement in clinical standards.
- Assist with the organisation and facilitation of Study Days and education sessions/in services offered to staff through the continuing education calendar.

Achieve performance excellence:

- Assist in the development of clinical skills of staff by providing education, supervision, coaching and mentorship.
- Assist with provision of feedback to staff on their performance, including performance management for graduate nurses and maintain records and documents relating to the performance and development of all staff.
- Liaise with Nurse Unit Managers to provide education for nursing staff identified as requiring management for poor performance.
- Demonstrate effective communications and interpersonal skills in every aspect of the education/learning process.
- Disseminate information to nursing staff through verbal and/or written communication regarding nursing and clinical practice, and report to departmental manager on a regular basis.

Participate in the management of current education programs

- Provide clinical support and consultation to participants on a regular basis.
- Assist with the facilitation of Study Days, including Orientation.
- Provide peer support, debriefing and careers guidance for the participants.
- Provide opportunities for continuing education for participants.
- Provide ongoing feedback regarding clinical progress to participants and maintain open disclosure with relevant coordinators at all times.
- Liaise with Nurse Unit Managers to assist and guide program participants identified as requiring management for underperformance.
- Maintain records and documents relating to the performance and development of the
- Participants.
- Assist with the promotion of the education programs via Expo, Open Evenings and University visits as directed by Manager, Centre for Education.
- Assist with the program recruitment process, including processing applications, facilitating and conducting interviews and reference checking, as directed by Manager, Centre for Education and Manager of the Nursing and Midwifery Workforce Unit.

Our Vision

Together, we deliver the healthcare of the future.

Providing the Best Care for the people of the West, in the right place and at the right time.

- Assist with the re-recruitment of program participants on completion of the course, as directed by the Manager, Centre for Education and Manager of the Nursing and Midwifery Workforce Unit.

Evidence Based practice

- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.
- Be familiar with local and organisational policies, procedures and guidelines
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Participate and contribute to improvement of policies, procedures and protocols and identify areas of improvement in nursing practice
- Participate in new initiatives to enhance consumer outcomes and experience, or staff employment outcomes and experience
- Act to ensure safety by managing clinical risk and intervene, as necessary, to achieve optimal outcomes for patients/consumers and teams
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
