last 4-5 years across all program areas in assisting to meet regional support requirements. The purpose-built Joan Kirner Women's and Children's (JKWC) Building at Sunshine Hospital, and the delivery of services at Bacchus Marsh Hospital following amalgamation continues to support the growth of the service, with planning commenced for the New Melton Hospital in 2029 providing services for women and children.

In 2024/25 in the Women's & Children's Divisions activity included more than:

- 7,983 total babies were born: on average 21-22 babies per day
- 7,199 babies were born at Sunshine Hospital
- 784 babies were born at Bacchus Marsh Hospital
- 1,512 neonates accessed Newborn Services
- 3,062 women accessed inpatient Gynaecology services
- 4,149 children were admitted
- 29,985 children were cared for in the Sunshine Hospital Emergency
- 160,208 episodes of ambulatory care were provided

The Women's & Children's Division provides care across a number of sites within the Western catchment, including Sunshine, Bacchus Marsh, Melton and Sunbury. The Division collaborates with several other Divisions within Western Health and partners with external health services and community services to ensure the provision of Best Care for our community.

The Division will continue to innovate and develop services and care options across Western Health to ensure Best Care for the community of Western Melbourne.

Key Responsibilities

Leadership

- Work collaboratively within the midwifery/nursing team model of care using delegation, supervision, coordination, consultation and referrals
- Take accountability for own actions and others under direction and sphere of responsibility
- Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations
- Lead by example, and motivate staff to strive for excellence
- Demonstrate initiative in supporting early career and less experienced staff
- Contribute to peer feedback and engage in appraisals for early career staff, as directed by your manager
- Work within and towards the Nursing and Midwifery Workforce Plan

Research

- Use evidence to support improvement to consumer care and practice
- Be curious about ways to improve practice and outcomes
- Promote evidence-based practice and share findings at internal and external forums
- Participate in quality and research projects as appropriate

Evidence Based Practice

- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.
- Be familiar with local and organisational policies, procedures and guidelines
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Participate and contribute to improvement of policies, procedures and protocols and identify areas of improvement in nursing/midwifery practice
- Participate in new initiatives to enhance consumer outcomes and experience, or staff employment outcomes and experience
- Act to ensure safety by managing clinical risk and intervene, as necessary, to achieve optimal outcomes for patients/consumers and teams

Our Vision

Together, we deliver the healthcare of the future
Simple – Sustainable – Connected – Innovative

- Be aware of Western Health’s Strategic Priorities, and ensure activities align with these priorities

Education & Learning

- Participate in ongoing learning opportunities
- Contribute to the updating of educational information provided to patients and consumers, and their families and carers
- Support new staff through the orientation buddy role or formal preceptorship
- Showcase work and improvement activities
- Provide timely informal and formal feedback to students, early career and novice staff
- Exchange and share information with colleagues via informal or formal forums such as huddles, in-services, presentations, education forums, team meetings.

Clinical Expertise

- Assess the clinical, non-clinical and social needs, including the identification of ‘at risk’ consumers and record with appropriate and accurate documentation in the consumers history and care plan and implement consumer specific risk minimisation strategies
- Demonstrate accountability and responsibility for care delivered
- Recognise changes in consumers’ condition and take necessary action including reporting and escalation seeking appropriate assistance
- Accurately reflect the consumers requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regards to legibility of content and identity of reporter in accordance with Western Health policies and procedures
- Effectively develop discharge plans that reflect the needs of consumers and their significant others and demonstrates an understanding of the role of community providers
- Role model best practice and reference latest research
- Identify clinical practice improvement opportunities and discuss with your manager
- Perform other nursing/midwifery duties as required

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
