### Position Purpose

Occupational Therapists at Western Health Melton and Bacchus Marsh fulfil a diverse role. The role has the potential to work across multiple settings including acute care, subacute care, outpatient rehabilitation, group interventions and community health. The role will be required to participate in a multidisciplinary team providing occupational therapy services to patients. The role will be required to complete assessments and interventions as well as run group based programs. The role will also be required to work as part of the wider health team (including exercise physiologists, speech pathologists, physiotherapists, dietitians, diabetes nurse educators and allied health assistants) to provide a coordinated approach to patient care.

### Business Unit Overview

The Operations Directorate is one of the largest and most complex directorates within Western Health providing Western Health's patient care and contacts. These services range from outpatients to inpatients, theatres to Intensive Care, birthing rooms and Emergency Departments and many more services.

#### Integrated Community Health Service Directorate

The Integrated Community Health Services Directorate at Western Health focuses on delivering high quality evidence based care to those residing in the City of Melton and Moorabool Shire across a variety of clinical settings. Services are provided across acute (medical surgical and maternity unit), outpatient services (Paediatric and Adult), outpatient rehabilitation, community health settings (Paediatric and Adult), residential care services, health promotion, community partnerships and support services across Bacchus Marsh, Melton and Caroline Springs campuses.

The Integrated Community Health Services Directorate has a strong focus on multidisciplinary care with services being provided in both an individual format and group based interventions. Staff model the Western Health values of CARES (Compassion, Accountability, Respect, Excellence and Safety). Within community services there are multiple different funding programs to support a patient's and client's journey and build their independence in the community.
