

POSITION DESCRIPTION

Position Title: Project Manager (Clinical), New Melton Hospital Project

Division: New Footscray and Melton Hospitals

Classification: HS6 (salary based on experience)

Reports To: Deputy Project Director, New Melton Hospital

Date Prepared/Updated: 11 July 2025

Position Purpose

The Project Manager (Clinical) represents Western Health across work streams related to the functional and operational design of the new Melton Hospital (NMH). The Project Manager will be responsible for overseeing the implementation of the design briefs and ensuring coordination of these requirements across other relevant work streams. The role will also transition to manage the development of the design to meet the brief, including the integration of fixtures, furniture and fittings, and clinical and non-clinical equipment elements.

Business Unit Overview

The New Footscray and Melton Hospitals Directorate is responsible for the delivery of Western Health's two largest infrastructure projects. The Directorate reports to the Chief Executive via the Project Director and leads Western Health input across all project work streams. The Directorate is comprised of two teams, aligned to the NFH and NMH projects respectively.

The NFH Project Team is currently delivering the NFH Project for Western Health. Under a Public Private Partnership framework, the NFH Project Team work with the Victorian Health Building Authority (VHBA) and Plenary Health to deliver the \$1.5B NFH. The NFH is scheduled to open in late 2025.

The NMH team is leading Western Health's involvement across the project lifecycle from initiation and tender, through to delivery and mobilisation/transition. Some specialised roles/functions will have matrix reporting across the NFH and NMH projects.

Within the NFH and NMH Directorate there is a strong focus on learning and partnering with our internal and external stakeholders to ensure the best outcomes for Western Health.

	deliver Best Care for people of the West				

Direction 5: We discover and learn

Our innovation, research and education inspires and benefits our patients, employees and communities, to deliver a better future.

To support the achievement of this Direction, all Executive and Senior Managers are required to ensure:

- Employees question, investigate, evaluate, adapt and innovate as we share, mentor, encourage and learn
- Directorates drive continuous improvement of the quality and sustainability of our services and facilities to ensure accessible care for future generations
- The encouragement of life-long learning; fostering curiosity and supporting employees to lead and participate in research and education, and to be recognised as specialists in their fields

Occupational Health & Safety and Other Obligations:

Model proactive leadership, drive and commitment to ensure

- Western Health's obligations for Occupational Health and Safety (OHS) and Work Cover rehabilitation are met
- Compliance with OHS and Work Cover legislation
- Compliance with OHS policies and procedures
- A safe and healthy environment for employees, contractors, patients and visitors
- The key performance targets and objectives, detailed in the Western Health strategic OHS plan, are supported, promoted and achieved
- Risks are identified, assessed and controlled as far as practicable with injury prevention being a high priority
- Safe work systems and controls are in place, which are regularly monitored for effectiveness
- The Western Health prescribed OHS training and education sessions are attended, including all personnel responsible for managing employees
- Health and Safety initiatives are developed and delivered to continually improve Western Healths safety maturity (culture)
- Organisation wide strategic responsibility for record keeping is maintained including compliance with record keeping operations and standards

Role Specific Responsibilities

- Working in partnership with the Deputy Project Director and other team members to achieve the New Melton Hospital Project Objectives
- Engage and build rapport with staff across Western Health to gain quality input into the Project
- Use good judgement and a consultative approach to resolve issues
- Keep the Project Director aware of more significant project issues, both informally and formally through agreed reporting mechanisms
- Facilitate the incorporation of Western Health models of care into a range of project documentation
- Actively prepare and manage program and budget
- Consistently evaluate risks and opportunities
- Ensure compliance with internal governance and approval processes
- Work closely with external stakeholders including the Victorian Health Building Authority, the broader Department of Health and consultants assisting both the Department and Western Health with the NFH Project.
- Manage Project Officer direct reports
- Support the workload of the broader new Footscray and Melton Hospitals Division, as required

	T.,,
Key Working Relationships:	Internal:
	 External: Department of Health Victorian Health Building Authority Project Company (Project Co. consortium) State consultants (builders, architects and engineers) University and academic partners Local councils Unions and professional bodies Community stakeholder groups
