

POSITION DESCRIPTION

Position Title:	Registered Nurse
Business Unit/Department:	Ward 1E Chemotherapy Day Oncology
Division:	Cancer Services, Cardiology and Specialty Medicine
Award/Agreement:	Nurses and Midwives (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	Grade 2 Year 2 – Year 8 (RN/M 2-8)
Reports To:	Nurse Unit Manager or Nurse in Charge
Direct Reports:	N/A
Date Prepared/Updated:	3 April 2025

Position Purpose

As a member of the health care team, the Registered Nurse is at the forefront of the provision of high quality nursing care to consumers on a day-to-day basis.

As a healthcare professional, the Registered Nurse is accountable for :

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill
- Ensuring that they are registered to work as a Registered Nurse in Australia at all times whilst working as a nurse within Western Health and practice in alignment with Nursing & Midwifery Board of Australia (NMBA) Registered Nurse Standards for Practice

The role of the Registered Nurse, working within a multidisciplinary team, incorporates the following activities: unsupervised clinical practice, coordination of care, counselling, health promotion and teaching, consumer advocacy, collaborative consumer and unit management, research, supervision and mentorship/preceptorship, interaction/liaison with multidisciplinary team, accurate and timely documentation.

The Registered Nurse will contribute to providing quality health and well-being services for our consumers demonstrating novice to expert behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

Business Unit Overview

The Division of Cancer Services, Cardiology and Specialty Medicine Services provides quality health care for patients in Oncology, Cardiology and Specialty Medicine across four Western Health sites.

Cancer Services at Western Health are provided across a broad range of inpatient, ambulatory and outpatient settings. We provide secondary and tertiary cancer services for patients of the Western

Our Vision

**Together, we deliver the healthcare of the future.
Providing the Best Care for the people of the West, in the right place and at the right time.**

Region including; Medical Oncology, Surgical Oncology, Haematology, Clinical Research, Palliative Care, Inpatient Acute Care, Day Oncology, Oncology HITH, Radiotherapy, Specialist Clinics and a dedicated Project Team.

The Sunshine Hospital Chemotherapy Day Unit (CDU) is a specialty service within the division of Cancer Services, Cardiology and Specialty Medicine that is available on-site at Sunshine Hospital. It provides care to patients affected by cancer.

The CDU includes fifteen chairs, that operates from Monday and Friday from 0800-1730. A procedure room with two recovery bays for oncology related procedures that operates Monday to Friday, with the exception of Wednesdays. CDU offers specialised services to patients receiving oncology related care, this includes the administration of therapeutic treatments such as chemotherapy, education of treatment and treatment related side effects and the implementation of strategies to manage side effects being the key focus areas.

The unit also includes the Sunbury Day Hospital, which has three chemotherapy chairs that operate on Wednesdays and Fridays from 0800-1630 and an Oncology Hospital in the Home (HITH) service, operating six days a week from Sunshine Hospital.

The Symptom Urgent Review Clinic (SURC) is a nurse lead clinic that is responsible for the education of new patients receiving chemotherapy. The SURC clinic provides a drop in and phone service to support patients undergoing chemotherapy related toxicities and is supported by nursing staff in the CDU.

Key Responsibilities

Leadership

- Work collaboratively within the nursing team model of care using delegation, supervision, coordination, consultation and referrals
- Take accountability for own actions and others under direction and sphere of responsibility
- Role model behaviours consistent with the professional Code of Conduct and organisational values and challenge others when their behaviour does not meet expectations
- Lead by example, and motivate staff to strive for excellence
- Demonstrate initiative in supporting early career and less experienced staff
- Contribute to peer feedback and engage in appraisals for early career staff, as directed by your manager
- Work within and towards the Nursing and Midwifery Workforce Plan

Research

- Use evidence to support improvement to consumer care and practice
- Be curious about ways to improve practice and outcomes
- Promote evidence based practice and share findings at internal and external forums
- Participate in quality and research projects as appropriate

Evidence Based practice

- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.
- Be familiar with local and organisational policies, procedures and guidelines

Our Vision

Together, we deliver the healthcare of the future.
Providing the Best Care for the people of the West, in the right place and at the right time.

- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Participate and contribute to improvement of policies, procedures and protocols and identify areas of improvement in nursing practice
- Participate in new initiatives to enhance consumer outcomes and experience, or staff employment outcomes and experience
- Act to ensure safety by managing clinical risk and intervene, as necessary, to achieve optimal outcomes for patients/consumers and teams
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities

Education & Learning

- Participate in ongoing learning opportunities
- Contribute to the updating of educational information provided to patients and consumers, and their families and carers
- Support new staff through the orientation buddy role or formal preceptorship
- Showcase work and improvement activities
- Provide timely informal and formal feedback to students, early career and novice staff
- Exchange and share information with colleagues via informal or formal forums such as huddles, in-services, presentations, education forums, team meetings.

Clinical expertise

- Demonstrate successful completion of a three-year full time Bachelor of Nursing qualification or equivalent, and have a minimum of one years' full time, or equivalent oncology nursing experience
- Successful completion of eviQ ADAC modules, or equivalent course
- Excellent PIVC skills
- Competent in accessing and monitoring TVAD/CVAD
- Ability to multitask and work in a fast pace environment
- Advanced skills in identifying and managing oncological/haematological related emergencies
- Assess the clinical, non-clinical and social needs, including the identification of 'at risk' consumers and record with appropriate and accurate documentation in the consumers history and care plan and implement consumer specific risk minimisation strategies
- Demonstrate accountability and responsibility for care delivered
- Recognise changes in consumers' condition and take necessary action including reporting and escalation seeking appropriate assistance
- Accurately reflect the consumers requirements, outcomes or events within prescribed Western Health documentation, ensuring all legal requirements are met in regards to legibility of content and identity of reporter in accordance with Western Health policies and procedures
- Effectively develop discharge plans that reflect the needs of consumers and their significant others and demonstrates an understanding of the role of community providers
- Role model best practice and reference latest research
- Identify clinical practice improvement opportunities and discuss with your manager
- Perform other nursing duties as required

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
