

POSITION DESCRIPTION

Position Title:	Occupational Therapist
Business Unit/Department:	Rehab at Home
Division:	Western Health at Home
Award/Agreement:	Allied Health Professionals (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	VF6 – VF9 (Grade 2)
Reports To:	Operational: Rehab at Home Service Manager Clinical: Manager Occupational Therapy through Senior Clinician Occupational Therapist, Grade 4 Occupational Therapist, Grade 3 Occupational Therapist, Rehab at Home Coordinator
Direct Reports:	Grade 1 Occupational Therapist/s Allied Health Assistant/s
Date Prepared/Updated:	21 August 2025

Position Purpose
The Western Health at Home Division operates a Rehabilitation at Home program for clients who require admitted interdisciplinary rehabilitation. Rehab at Home is a subacute bed substitution program providing intensive rehabilitation for patients who are suitable for an early discharge. Rehabilitation at Home provides same day or next day rehabilitation to patients discharged from inpatient wards, the Emergency Department and the community. The program has recently expanded to include patients with non-neurological diagnoses where rehabilitation is indicated to support recovery. The program aims to deliver hospital services within patients' homes to enable recovery from illness or surgery at home in familiar environments. Treatment interventions are provided through a variety of methods including individual or group-based treatment. Treatment may be provided at home, via telehealth, centre-based, or in a community setting. The aim of Rehab at Home is to: • Promote and support safe and early discharge from inpatient settings and emergency departments as well as reducing length of stay of rehabilitation patients in acute and subacute settings • Maximise patient outcomes in their own home • Provide an alternative to admitted care for patients living in the community • Improve the patient experience • Provide an alternative to hospital presentation and admissions • Increase the number of patients who are able to access admitted Rehabilitation services at any given time The Grade 2 Occupational Therapist (OT) will have a key role in providing clinical expertise and skills, using

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

an occupation focused approach to ensure excellence and best practice for Rehab at Home clients within an interdisciplinary team. Grade 2 Occupational Therapists are responsible for developing staff and students, including direct supervision and training of Grade 1 rotating Occupational Therapists and Allied Health Assistants. Co-ordination of student placements and tutorials is also part of the role.

The Grade 2 Occupational Therapist will apply effective communication skills to work within the interdisciplinary team, and participate in service development and quality improvement. They will be expected to maintain their currency of knowledge and skill in their specialty area and ensure an evidence-based approach to patient management.

The caseload will include a mixture of neurological and general medical conditions. These include stroke, Parkinson's Disease, Functional Neurological Disorder, orthopaedic conditions, e.g. elective surgery; musculoskeletal conditions; post-surgical e.g. laminectomy; clients with aged-related conditions; and general rehabilitation clients.

The position is based at Sunshine Hospital but the Occupational Therapist will be required to work across Sunshine and Williamstown hospital as required. This position is appointed to the Rehab at Home program but may involve provision of clinical services to other programs within the Western Health at Home Division.

Business Unit Overview

Western Health at Home

The Division of Western Health at Home provides a comprehensive range of inpatient, clinic based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing, pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care.

Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease.

The divisions medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehab at Home, GEM at Home, Community Based Transition Care Program and Dialysis at Home, which deliver healthcare that would otherwise be provided within an inpatient setting.

Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West.

Division of Allied Health

Allied Health provides a range of evidence based, client centred, specialist services at Western Health, across the care continuum, from admission within the emergency department through to discharge in the community. These services work across the spectrum of life, from neonates to the elderly. The predominant focus of Allied Health is the return and optimisation of an individual's function, and wellbeing, from both physical and psycho-social perspectives. Activity is aligned with Western Health's Best Care Model and CARES values. Allied Health involvement is pivotal to efficient and effective multidisciplinary team functions, discharge planning and patient centred care. Western Health employs a range of Allied Health disciplines, each with unique specialist tertiary training and skills, including Audiology, Clinical Psychology and Neuropsychology, Exercise Physiology, Language Services, Nutrition and Dietetics, Occupational Therapy, Pastoral Services, Physiotherapy, Podiatry, Social Work, and Speech Pathology.
