

POSITION DESCRIPTION

Position Title:	Physiotherapist – Cardiorespiratory (Exercise Rehabilitation)
Business Unit/Department:	Specialised Rehabilitation Program (formerly CBR)
Division:	Western Health at Home
Award/Agreement:	Health Professionals (Vic Public Health Sector) Single Interest EA – 2021-2026
Classification:	Grade 2 – VB1 to VB4
Reports To:	Operations: Manager & Service Manager Clinical: Manager of Physiotherapy and Exercise Physiology through Senior Clinician Physiotherapist – Specialised Rehabilitation Program Grade 3 and 4 Physiotherapists
Direct Reports:	Grade 1 Physiotherapist/s Allied Health Assistant/s
Date Prepared/Updated:	18 August 2025

Position Purpose

The Grade 2 Physiotherapist will have a key role in providing clinical expertise and skills to ensure excellence and best practice in patient care for the clients of the Specialised Rehabilitation Program.

In addition to physiotherapy expertise in the relevant clinical area, Grade 2 physiotherapists are responsible for staff and student development, including direct supervision and training of Grade 1 rotating physiotherapists and allied health assistants; and co-ordination of student placements and tutorials.

The Grade 2 Physiotherapist will apply effective communication skills to work within the multidisciplinary team, and participate in service development and quality improvement. They will be expected to maintain their currency of knowledge and skill in their specialty area and ensure an evidence-based approach to patient management.

The caseload will predominantly be cardiorespiratory outpatient clients, including cardiac, chronic heart failure and pulmonary rehabilitation. Some general rehabilitation for clients not appropriate for the exercise rehabilitation groups will also be provided. Treatment interventions may be delivered to individuals or groups in centre-based, home or community settings. Face to face, telehealth and telephone modalities are used by the program.

The substantive position is based at both Sunshine and Williamstown Hospitals.

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

Business Unit Overview
The Division of Western Health at Home provides a comprehensive range of inpatient, clinic based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing, pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care. Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease. The divisions medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehab at Home, GEM at Home, Community Based Transition Care Program and Dialysis at Home, which deliver healthcare that would otherwise be provided within an inpatient setting. Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West. Specialised Rehabilitation Program Specialised Rehabilitation Program (SRP) aims to assist clients and their carers to reach their maximum potential and independence through the provision of multi-disciplinary rehabilitation. Clients are provided with an individualised, short-term, goal-orientated therapy program which emphasises self-management and education. Sessions are conducted in the centre, at home and/or via Telehealth. CBR currently incorporates Western Health at Home - Early Supported Discharge (ESD). This is a bed-substitution program providing intensive therapy to facilitate early discharge from the inpatient wards. Division of Allied Health Allied Health provides a range of evidence based, client centred, specialist services at Western Health, across the care continuum, from admission within the emergency department through to discharge in the community. These services work across the spectrum of life, from neonates to the elderly. The predominant focus of Allied Health is the return and optimisation of an individual's function, and wellbeing, from both physical and psycho-social perspectives. Activity is aligned with Western Health's Best Care Model and CARES values. Allied Health involvement is pivotal to efficient and effective multidisciplinary team functions, discharge planning and patient centred care. Western Health employs a range of Allied Health disciplines, each with unique specialist tertiary training and skills, including Audiology, Clinical Psychology and Neuropsychology, Exercise Physiology, Language Services, Nutrition and Dietetics, Occupational Therapy, Pastoral Services, Physiotherapy, Podiatry, Social Work, and Speech Pathology.
Key Responsibilities
• Demonstrate a commitment to the patient 'Charter of Healthcare Rights' • Comply with the expected scope of the role and standards of performance in the role as described by the relevant professional bodies/industry standards. • Maintain registration (as required) and report any changes or limitations on practice if applicable. • Hold accountability for own actions and seek guidance and support from appropriate employees when limited by own skills and experience. • Comply with confidentiality obligations with regard to patients, consumers and colleagues. • Comply with all Western Health policies and procedures. • Deliver high quality person centred interprofessional care in line with the "Best Care" framework.

Our Vision

Together, Caring for the West
Patients – Employees – Community – Environment

- Demonstrate independent clinical reasoning and clinical competencies, including expertise in use of relevant assessment tools, treatment methods, and case management skills.
- Demonstrate developed organisational skills and efficient time management to appropriately evaluate, prioritise and complete workload.
- Perform evidence based clinical services using a person-centred approach in the development of an appropriate treatment plan.
- Assist with development and evaluation of procedures and guidelines.
- Participate in planning for clinical services for the team.
- Identify solutions to problems within the service and seek advice for complex matters.
- Participate and represent the service (in consultation with senior staff) at relevant committees, working groups and meetings as requested.
- Provide information and education about the service and professional role within the service.
- Attend and participate at relevant team/service meetings.
- Where designated, provide high quality clinical supervision to junior staff and students that is timely, flexible and responsible.
- Conduct or contribute to feedback to staff on their performance including performance development planning where relevant.
- Assist in cultivating an environment where workers have the opportunity to work to their full scope of practice and potential.
- Participate in the development, organisation and delivery of education programs for Western Health staff, external service providers and the community.
- Participate in research/evaluation and ongoing service review.
- Ensure that workload statistics, and other required information is entered in a timely and accurate manner.
- Perform other duties as directed.
- Demonstrate effective negotiation skills and conflict resolution when dealing with difficult situations.
- Contribute to a culture that promotes effective teamwork, encourages cohesion and ensures staff feel valued and contributions are acknowledged.
- Demonstrate open and effective communication (verbal, non-verbal, written and electronic) with consumers, other staff and service providers.
- Demonstrate knowledge of resources relevant to work area and act as a resource person for other team members.
- Actively participate in regular supervision, demonstrating ongoing development of clinical skills and reflective practice as identified in supervision plan.
- Demonstrate flexibility/responsiveness within professional practice/duties/roles and assumes extra responsibility as required to meet organisational priorities.
