Reports To:	Nurse Unit Manager
Direct Reports:	In the absence of the Nurse Unit Manager: Registered Nurses, Enrolled Nurses and Registered Undergraduate Students of Nursing (RUSONs)
Date Prepared/Updated:	1/05/2023

Position Purpose

The Associate Nurse Unit Manager (ANUM) fulfils the roles and responsibilities of the Registered Nurse, demonstrating expert knowledge and skills while assuming a prominent management focus in the ward/unit.

The ANUM is an integral member of the ward/unit management team, assisting the Nurse Unit Manager in the course of their duties to ensure provision of nursing care that is excellent in quality and consistently consumer centred while achieving effective operational management of the clinical environment.

As a professional, the ANUM is accountable for :

- The maintenance of their own clinical knowledge, further education and working within the confines of their specific scope of practice at all times, in accordance with the boundaries set by their experience and skill.
- Ensuring that they are registered to work as a Registered Nurse in Australia at all times whilst working as a Nurse within Western Health and practice in alignment with Nursing & Midwifery Board of Australia (NMBA) Registered Nurse Standards for Practice.

The ANUM assists in managing the nursing and related resources available to the ward/unit, acts as a role model in setting the clinical standards and achieving high quality evidence based nursing care, fosters the development of cooperative professional relationships with the multidisciplinary health care team, and facilitates a working environment which provides professional development and job satisfaction for all employees.

The ANUM assumes the responsibilities and authority of the Nurse Unit Manager in their absence and as such is able to assume the administrative operation of the ward/unit.

The ANUM will contribute to providing quality health and well-being services for our consumers demonstrating competent to expert behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

Business Unit Overview

Women's & Children's Services is responsible for the provision of in-patient and ambulatory care across maternity, gynaecology, neonatal and paediatric services. The division provides both elective and emergency care. Women's & Children's aims to ensure the provision of safe, coordinated, person-centred, right care through a consistent, multi-disciplinary partnership approach. Women's & Children's Services at WH continues to expand and develop to meet the region's population growth, care complexities and demand.

The service has seen significant growth over the last 4-5 years across all program areas in assisting to meet regional support requirements.

In 2023/2024, more than:

- 7,325 babies were born; on average 20 babies per day
- 1,500 neonates accessed Newborn Services (Level 6A unit)
- 2,750 women accessed inpatient Gynaecology services
- 3,000 children were admitted
- 22,500 children were cared for in the Sunshine Hospital Emergency Department
- 99,000 episodes of ambulatory care were provided

The Division of Women's & Children's Services provides care across a number of sites within the Western catchment, predominantly at Sunshine, but also at Bacchus Marsh/Melton and within the local community.

The Division collaborates across a number of Divisions within Western Health and partners with external health services and community services to ensure the provision of Best Care.

The Division will continue to innovate and develop services and care options across Western Health to ensure Best Care for the community of Western Melbourne.

The Department of Obstetrics and Gynaecology has over 40 specialists and 30 registrars. Whilst most specialists are general obstetricians and gynaecologists, subspecialty services include gynaecological oncology, urogynaecology (non-subspecialists), maternal fetal medicine, COGU, reproductive choices and infertility. There is a team of advanced laparoscopic surgeons and specialists with an interest in sexual and reproductive health, colposcopy, EPAS and adolescent gynaecology. We have over 55 theatre lists per month and gynaecological surgery is undertaken at both Joan Kirner (Sunshine campus) and Bacchus Marsh, Western Health.
