

POSITION DESCRIPTION

Position Title:	Physiotherapist
Business Unit/Department:	ED Care Coordinators RAH
Division:	Western Health at Home
Award/Agreement:	Allied Health Professionals (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement
Classification:	Grade 2 - Year 1 to Year 4 (VB1 to VB4)
Reports To:	Operationally: Service Manager - Western Health at Home Teams Professionally: Allied Health Manager - Physiotherapy and Exercise Physiology
Direct Reports:	Supervision Responsibility for Grade 1 and AHA (As Delegated)
Date Prepared/Updated:	19 November 2025

Position Purpose

The Grade 2 Physiotherapist will have a key role in providing clinical expertise and skills to ensure excellence and best practice in patient care within the Western Health at Home division. In this rewarding community-based role, you will provide physiotherapy assessment and management to patients referred to services such as the Community Based Transition Care Program (TCP), Rapid Allied Health (RAH), and other Western Health at Home programs.

The Grade 2 through their clinical expertise will have a leading role in ensuring excellence in client care for patients, supporting them to achieve their goals and maximise independence in their own homes and communities. You'll be part of a collaborative, multidisciplinary team committed to delivering high-quality, patient-centred care.

The role involves providing physiotherapy assessment and management in patients' homes, in clinic, or via Telehealth to support safe discharge, prevent complications, and reduce hospitalisation. The caseload will be varied and may include musculoskeletal conditions, age-related issues such as falls, neurological and vestibular conditions, and other complex presentations.

In addition to physiotherapy expertise in the relevant clinical area, Grade 2 physiotherapists are responsible for developing staff and students, including direct supervision and training of Grade 1 rotating physiotherapists and allied health assistants; and co-ordination of student placements and tutorials. They will also be involved with the wider WH Physiotherapy service.

The Grade 2 Physiotherapist will apply effective communication skills to work within the team, and

participate in service development and quality improvement. They will be expected to maintain their currency of knowledge and skill in their specialty area and ensure an evidence-based approach to patient management.
Business Unit Overview The Division of Western Health at Home provides a comprehensive range of inpatient, clinic based and home-based services. Our multidisciplinary workforce of over 1,000 employees includes medical, nursing, pharmacy, allied health and administration staff. Western Health at Home services provide care from all Western Health campuses and within patient's homes, including residential aged care, supported accommodation and the custodial setting. The division is rapidly expanding to meet the needs of the community through the delivery of innovative, integrated and patient centred care. Western Health at Home services support patients across the continuum of care with a primary objective to support patients to live more healthy days at home. Our breadth of services, clinics and units work collaboratively to reduce avoidable hospital presentations and support early and sustainable hospital discharges. Through multidisciplinary service delivery, integration with primary care, research and clinical trials our division supports the detection, management and secondary prevention of chronic disease. The divisions' medical specialties include Renal, Endocrinology and Diabetes, Geriatric Medicine and the General Practice (GP) Integration Unit. Western Health at Home provides a range of acute and subacute services that deliver hospital level care within the comfort of a patient's home. These services include Hospital in the Home, Rehab at Home, GEM at Home, Community Based Transition Care Program and Dialysis at Home, which deliver healthcare that would otherwise be provided within an inpatient setting. Western Health at Home's breadth of community-based care and specialty assessment clinics provide comprehensive care to support the management of chronic disease. The division has chronic dialysis units located at all Western Health main campuses and acute units at Sunshine and Footscray Hospital. Western Health at Home manages a primary healthcare service within Dame Phyllis Frost Centre, a maximum-security women's prison located in Melbourne's West.
Key Responsibilities • Demonstrate a commitment to the patient 'Charter of Healthcare Rights', Aged Care Code of Conduct and Aged Care Statement of Rights • Comply with the expected scope of the role and standards of performance in the role as described by the relevant professional bodies/industry standards • Maintain registration (as required) and report any changes or limitations on practice if applicable • Hold accountability for own actions and seek guidance and support from appropriate employees when limited by own skills and experience • Comply with confidentiality obligations with regard to patients, consumers and colleagues • Comply with all Western Health policies and procedures • Deliver high quality person centred inter-professional care in line with the 'Best Care' framework • Demonstrate independent clinical reasoning and clinical competencies, including expertise in use of relevant assessment tools, treatment methods, and case management skills • Demonstrate developed organisational skills and efficient time management to appropriately evaluate, prioritise and complete workload • Perform evidence based clinical services using a person centred approach in the development of an appropriate treatment plan • Assist with development and evaluation of procedures and guidelines • Participate in planning for clinical services for the team • Identify solutions to problems within the service and seek advice for complex matters • Participate and represent the service (in consultation with senior staff) at relevant committees, working groups and meetings as requested. • Provide information and education about the service and professional role within the service • Attend and participate at relevant team/service meetings • Where designated, provide high quality clinical supervision to junior staff and students that is timely, flexible and responsible • Conduct or contribute to feedback to staff on their performance including performance
